

DISRUPT RHEINMETALL SHAREHOLDERS' GENERAL MEETING SABOTAGE YOUR LOCAL WAR PROFITEER

On May 8, 2018, 10:00 at *Maritim Hotel*, Stauffenbergstrasse 29, 10785 Berlin, shareholders of the weapons manufacturer *Rheinmetall AG* will assemble for the joint-stock corporation's annual general meeting.

Rheinmetall Defence sells military technology worldwide, supplying the means of destruction for wars of aggression and organized oppression in countries worldwide including Saudi Arabia, Turkey, Algeria, Mexico, Pakistan and Egypt.

We are a network of anti-war activists, and we invite you to co-organize with us a protest, with diversity of action, to disrupt *Rheinmetall's* general meeting on May 8 and send a clear message to its board of directors, shareholders, lobbyists and other beneficiaries:

EXPECT CONSEQUENCES

- for arming the Turkish regime's authoritarian crackdown on the Kurdish struggle for independence and self-determination
- for your complicity in the Saudi royal family's slaughter of Yemenis, causing one of our time's greatest humanitarian crises
- for making business and profits out of war
